... surely fall behind. Until someone invents perpetual motion, all mechanical devices will be susceptible to breaking down. Unfortunately we end up costing money to fix. The old system was not exempt from these problems either. I use to repair the old clocks also.

In my opinion three years is not enough time to let the new system work. Long term investments take years to pay for themselves. Other cities surrounding us have adopted this system also. I think we should give it enough time to work.

Lance Higgs
City Maintenance Dept.

Mrs. Santa Claus at Sears in Lake City brought back a pleasant memory. When our son was 3 years old and we had moved to Salt Lake, we visited the store to see Santa. As we approached the "throne" Santa said, "Well here are the Wilsons." I was flabbergasted and my husband was delighted and hugged me.

We chatted but under the circumstances I couldn't question their identity. Later I returned without Ray and found that the Probst couple were repeat performers at Sears each Christmas.

This was an excellent example of their service to the Public in Midway and Salt Lake City.
Clark L. Wilson

... employment in the same trade or business that you are in whether you secure the new job or not. But you can't deduct the cost of seeking employment in a different trade or business even if you get the job.

Q.-I am divorced, and have been paying \$400 per month to my ex-wife for child support. I have been claiming my two children on my tax return as dependents. My accountant has told me that I will now need to have a new IRS form, signed by my ex-wife, included in my tax return for 1985 if I am to claim the children as dependents. Is this correct?

A.-Yes, it is. Internal Revenue Service Form 8332, Release of Claim to Exemption for Child of Divorced or Separated Parents, is now required to be included in the tax return of the parent claiming the dependency exemption, unless that person is the custodial parent.

Q.-My wife and I were divorced in 1985. What deductions can I claim and can I claim her as my dependent for the part of the year we were married?

... year determines your filing status. If that is single (divorced) you may not claim your wife as a dependent for any part of the year.

For a free listing of NSPA member accountants in your area, call or write National Society of Public Accountants, 1010 N. Fairfax St., Alexandria, VA 703-549-6400.

Each year the local Fire Department holds an Annual Fund Drive. Funds from this drive are used to support the social and training activities of the department, as well as help maintain and provide fire equipment for the protection of the local citizens. As our communities grow and expand, so does the costs of good dependable fire protection. The Heber Valley Fire Department at the present time is equipped with three modern pumping units and staffed with 25 volunteer firemen, who pledge their service to the protection of you and your family and property.

In an effort to continue providing Wasatch County with quality fire protection, the local volunteers, are once again inviting the citizens to support their current Fund Drive.

Please make all checks payable to: **HEBER VALLEY FIRE DEPARTMENT**. Boxes will be provided, where you may drop-off stubs and contributions at the following addresses for your convenience.

Heber Notes ...

As usual the welcome mat was out at Vilate McMillan's door. She also had door and walk decorations as well as her indoor festive look. Her guests were Mr. and Mrs. Barney O'Toole and Debbie of Reno, Nevada and since he loves Christmas so much he had a lovely decorated tree at his mother's, the late Phyllis O'Tooles home to welcome others of his family who came from Grand Junction, Colorado were Colleen O'Conner and son, Dan, Joan Pad-den and her friend, J. G. Baker of Montana, Mr. and Mrs. Bill O'Toole, Michael, Nancy, Maurine, Karen and boy friend of Bountiful, Joe Dean and Peggy Huber visited with them. Also Annette R. Bradley, Lisa, Lori and J. D. of Chicago and Annie Fisher met with them too. Vilate's home table was always laden with good food, and Peggy and Joe Dean had them, (her brothers and sisters) and Aunt Vilate as their dinner guests. Some could only come for the weekend but Barney, wife and Debbie stayed till a day or so after New Year. As a family felt it was a wonderful time er. One afternoon and evening they were happy to have their guests. Heber Bill and

Ray was born to Lars C. and Isabell M. Peterson in Richfield, Utah. We moved to a farm near Junction, Utah at the age of four. Five boys and two girls were born to this family. As we grew up our home was always open for parties, our parents enjoyed young people. I went to grade school in Junction, Piute High School at Circleville, Utah Jr. College Branch Ag. College Cedar City, Utah.

The fall after moving to Junction, I was run over by a hay wagon, breaking my leg above the knee. While it was in the cast our family got the flu. We were lucky, at least two dozen people in our small town died.

When I was 11, driving three big horses, I plowed 30 acres of ground (Alfalfa Hay) for President David O. McKay.

In 1936, I went to South Gate, Calif. At an M.I.A. dance I met Reva West. We fell in love and were married December 11, 1936.

Harold our first son was born Feb. 11, 1938. We moved back to Junction where our second son was born Spet. 2, 1939. He died two days later. Gerald was born in Buckley, Wash. March 19, 1942. Vernon was born Sept. 2, 1946. I bought my fathers farm and lived there until we moved to Heber City in October 1956.

I was Technition for Cache Valley Breeding Assoc. I owned Violet Ray Coin Laundry for 17 years. I was Custodian, Jailor and Court Bailiff at Wasatch County Court House for 6 years.

My wife died Jan. 7, 1978. We shared the good and bad for 41 years.

Theda Kunz was born to Ellis and Jessie Thompson Kunz, in their home by the Teton river in Cedron, Idaho. I was the first of 5 children born to this family. We decided to buy a 160 acre farm which was 8 miles south of where we lived on the river. We enjoyed this farm worked very hard and had lots of good times here. My parents are still living there.

I married Lester Moulton in the Logan Temple. We had one son and three daughters. I worked in the Sunday School for 3 years 6 years in the Primary, Junior Sunday School and Relief Society President.

Our divorce took place after twenty years of marriage. I then met Gunnar Gjerdman who joined the church in 1972. He died of a heart attack.

I then met Ray Peterson at a dance and we were married.

We have a total of 6 children and 25 grandchildren and 1 great grandchild.

RAY Feb. 15
THEDA Jul. 29

Violet Ray Laundry

One day while helping with an operation, here comes a telegram. Everyone was having a good time but me. I couldn't see the joke. They all liked him so and did their best to wear me down.

Then it dawned on me that I was beginning to like him to well, so for six months we never saw each other. I had done a great deal of praying, but I felt that I really needed inspired help. I went down to the Presiding Patriarch's Office and asked Brother Hyrum C. Smith for a blessing. He looked at me with those piercing eyes, then pointing his finger at me, he said, "You don't need a blessing; I'll give you some fatherly advice. "Go home and marry that young man." What else could I do but marry him? Which I did as soon as my training was through.

Now after years of married life (we were married Dec. 21, 1921) I am sure I did the right thing. The Lord has continued his blessings to us. We have been blessed with nine children, seven girls and two boys and the most important part is that we are trying to live the Gospel. Of course, we make many mistakes but we are trying. All of our children and many of our grandchildren have been to the Temple. Anyone who wants a real thrill, go to the Temple of our Lord with your family. How can one contain such blessings and so much happiness? May I be able in my feeble way, to show others how to be truly happy.

VIOLET Apr. 15
